HUỲNH LÊ PHƯƠNG NAM

SOFTWARE ENGINEERING

❝

As a fresh-faced Software Engineering, I've dabbled in the code jungle for 2 months at FPT Software, honing my skills in Java, React, HTML, CSS, JS, and Spring Boot. I bring a best for learning and a knack for problem-solving, eager to dive deeper into the world of software development and make my mark in the digital realm.

Work experience

01/2024 - 05/2023

Internship

FPT Software

- Having spent more than 3 months as an intern at FPT Software, I learned the fundamentals of programming languages and explored the fields of React, HTML, CSS, JS and Spring Boot. This hands-on experience equipped me with a solid foundation in software development.
- I'm excited to leverage this knowledge as I transition into the role of a Software Engineering.
